The 25m Center Fire Pistol and 25m Standard Pistol events are mandatory ISSF events, supported by the ESC. The high level obtained at the last European and World Championships shows the motivation of international shooters for these events.

In the unanimous opinion of many great and well known international competitors, the 25m Center Fire Pistol and 25m Standard Pistol events are attractive and interesting Pistol events of the ISSF, and include all the main principles of sport shooting.

Taking all these observations into consideration, it appears necessary to organise a European Cup 25m Center Fire Pistol event and Standard Pistol event for men and women.
